CONCEPT NOTE FOR SCHOOL SPONSORSHIP TOWARDS FOOD AND STAFF SALARIES AT AWESOME NURSERY AND PRIMARY SCHOOL LUWEMBE GOMBA STARTING JAN 2022

Organization profile

Awesome Ministries Uganda is a Christian Community Based Organization established and registered I Gomba District Local Government under registration number GOMB/CBO/3074/2021. Our office is located in Luwembe village Gomba District. The organization serves in several core program areas such as education, health projects, food and nutrition support, evangelism, agriculture, psychosocial and basic care support and child protection and care services.

To strengthen and achieve the education needs of our society the organization started a community school under the names of AWESOME NURSERY AND PRIMARY SCHOOL.

Introduction

The series of lockdown as a result of COVID 19 in Uganda, has left children and their households gravely affected as regards to household incomes. Restricted movements of people put different business activities to a standstill leading to an increased poverty levels especially to most vulnerable households. Furthermore, the period that children have stayed at home without going to school has gently increased negative mindset of both parents and children. Therefore, this project aims at serving a population of 200 children by providing meals while at school and paying the school staff appoint that will boost their moral of children and enjoy being in school again.

Challenge

The confirmation of COVID 19 in Uganda on 21st March 2020 came with several measures to curb the spread of the virus, including a ban on social gathering and sealed with a series total lock-down for 2 years now. Despite the effectiveness of the measures, the country's economy has suffered a grave setback with closure of over 10,000 companies including schools and hike of food and fuel prices. The situation has led to a retardation in academic progress resulting negative feelings of vulnerable children and parents towards education as witnessed by increased rates of pregnancy among the girl child and boys resorting to working for money.

Solution

Awesome Ministries Uganda through Awesome Nursery and Primary School is grounded in love and dignity, believing every child deserves a full education support. We provide holistic services to include academic, morals and spiritual wellbeing to ensure children attain the foundation they deserve, breaking down barriers like stigma and poverty in the process.

Long term impact

Your support will have a direct impact on the lives of at least 200 individual children from not less than 150 households in different villages of Gomba District Uganda, as it's only through partners like you that our programming is possible. Donations will help our staff provide education services, care and support, good feeding at school, enable our staff receive their payment in time and in general lead to a general infrustural development of the school further service delivery thus working as a community change agent project.

Activity Goal

The activity seeks to address the challenges of improving the education standards and psychosocial wellbeing of 200 children between the ages 3 to 20 years to support them in effectively attending school and achieving academic excellency from different villages around our community.

The project's specific objectives include;

- Promote and improve academic excellency of the target children and their households through direct quality service delivery service at school and household support with counseling on the need to educate their children periodizing the girl child.
- Promote continuity of care; periodic nutrition assessment beginning at the time of reporting back to school and continuing throughout on a termly basis is currently recommended to monitor both academic and intellectual progress to identify practices that can be adopted to maintain children in school.
- Promote & improve community mindset; Through involving the parents and the general community participating in the education affairs of their children we shall aim changing the community members' mindset towards valuing and desiring to support their children attain higher levels of education as our sustainability plan.

Targeted Participants.

The target will be 200 children from vulnerable households with children between the age of 3 to 20 years prioritizing the orphans and the girl child.
